Open House

BUENOS AIRES, Thursday, November 16, 2017
Hotel La Posta del Pilar

Shoe Press EconPRESS™ NEXT
Latest Technology for Increasing Paper Value
Results from Papelera Samseng

Invitation

This event is dedicated to **the Tissue Industry** with special attention to all the Decision Makers and Directors of Industrial Development.

Our intention is to have a full immersion in the Tissue Business, focusing on the latest technology for increasing paper value and resource-saving solutions with a Shoe press application.

We are going to complete the experience with **a visit to a paper mill (Papelera Samseng S.A.)**, where our **tissue machine EconSOFT™ ERS** is running with **Shoe Press EconPRESS™ NExT** - unique and new concept of Shoe Press applied to the tissue industry.

Great Argentinian “asado” will follow.

Special Thanks to Chiu Family of Papelera Samseng.

Wednesday, November 15, 2017
