Chemical preparation line - GAW kitchen

Line includes equipment for storage, preparation and distribution of chemical compounds and coating substances.

Main components list:

- clay tank (CLAY "A"), diameter 5,65 x 10 m; 75000 USG (284 m3) with an upper agitator and pump
- clay tank (CLAY "B"), diameter 5,3 m; 55000 USG (208 m3) with an upper agitator and pump
- clay tank – calcium carbonate (CLAY "C" – CLACIUM CARBONATE), diameter 5,3 m, 55000 USG (208 m3) with an upper agitator and pump
- Latex tank "1" diameter 5,3 m, 43000 USG (162 m3) with a pump
- Latex tank "2" diameter 5,3 m; 43000 USG (60 m3) with a dosing pump
- dissolving tank for a saline (BRINE DISSOLVING TANK, ADDITIVE "L") accessories included
- feeding chute, worm conveyor and dissolving tank (cooker) for PVOH from bags (PVOH HOPPER, PVOH MAKEDOWN TANK)
- feeding chute, worm conveyor, dispersion machine and dosing station for 17 components (DISPERSING MACHINE, METERING STATION)
- feeding chute for a cationic bag starch, worm conveyor and dissolving tank (CATIONIC STARCH HOPPPER, MAKEDOWN TANK)
- GAW cooker – 3 pcs, accessories included (GAW JET COOKER)
- converter (CONVERTER)
- bentonite mixing tank (BENTONITE MIX TANK)
- vibrating screen (VIBRATING SCREEN)
- set of 8 pcs of spare stainless tanks 400 GAL, tanks and accessories included (LUBRICANT, INSOLUBILIZER, DISPERSANT, THICKENER, OPT.BRIGHTENER, SPARE PRODUCT, DEFOAMERBIOCIDE)
- set of 4 pcs of spare stainless tanks 400 GAL, tanks and accessories included (NaOH 50%, NaOH 10%, OPT.BRIGHTENER B, SPARE PRODUCT)
- stainless mixing tank 2500 GAL, tanks and accessories included (TiO2)
- set of 4 pcs of stainless mixing tanks 2500 GAL, tanks and accessories included (COLOR 1, COLOR 2, RECLAIMED, STARCH PASTE)
- stainless mixing tank 1250 GAL, tanks and accessories included (STARCH SLURRY)
- 2 pcs of stainless mixing tanks 1800 GAL, tanks and accessories included (HIGH VISCOSITY STARCH, LOW VISCOSITY STARCH)
- 2 pcs of stainless mixing tanks 1800 GAL, tanks and accessories included (STARCH SLURRY, CONCENTRATION)
- stainless mixing tank 4000 GAL, tanks and accessories included (WASTE WATER COATING COLOR)
- recuperation for the GAW kitchen as a whole
- distributing centre for the GAW kitchen as a whole
- travelling crane 2000 kg for bag manipulation
- piping for the whole GAW kitchen area
- M+R, manual fittings
- GAW kitchen control system
- complete drawings and operational documentation
